Dear Patient,

Your dentist has asked you to schedule an appointment with us regarding your tooth/teeth. We are specialists in endodontic (root canal) diagnosis and treatment. Our additional training and equipment can often allow us to maintain teeth which would otherwise require removal.

Your first appointment typically will be a 30 minute consultation. No need to be anxious over a chat, a look and an x-ray. Your problem, the time required for treatment and the expected costs will be fully explained. Then you will have time to consider your options. If you wish to proceed, treatment will be provided at later appointments, unless you require emergency treatment immediately.

We hope we can be of great service to you. Our practice is located in Melbourne's CBD, a short walk from Parliament station. Public car parking is nearby.

Best wishes,

Dr Robert French and Dr Oliver Pope
